Foreword

GOOD CITIZENSHIP has been our aim. Handley and the unlimited opportunities it has offered in preparation for our lives as good citizens has been our inspiration. If in future years this twentieth volume of the HANDLIAN, in which we have attempted to capture life within the small democracy of our school, shall remind our fellow classmates of the importance and the value of Citizenship set forth in all activities at Handley, our aim will have been attained.

Dedication

The success of a democracy such as we consider the Handley School to be is determined by the patriotism and good citizenship of those constituting it. Therefore the class of '40-'41 takes great pleasure in having the opportunity to dedicate this HANDLIAN to Mr. Browning and Mr. Legge, the two members of our faculty who fought across the seas in our last World War to gain democracy for our country and have since devoted the knowledge derived from their experience and schooling in helping us at Handley to realize and uphold the principles of good citizenship.

Faculty and Administration

In our school democracy, our legislative and judiciary departments, our leaders and administrators, are the Handley School Board and Faculty. The School Board, headed by John M. Steck, president, has planned with excellent foresight for our physical comfort. Through its efforts we have been provided with a Faculty who are our close mentors and to whom we look for guidance, advice, and knowledge which will qualify us to take our places in a bigger democracy than that inclosed within the school walls.

Superintendent and Principal

Mr. Quarles was graduated from Ashland High School in 1919 and received his Bachelor of Arts Degree from Randolph Macon College in 1923. In 1927 he received his Master of Arts Degree from the University of Virginia. In 1923 he became English instructor in the Handley High School, a position which he held until 1928 when he was made principal of the foundation. He was appointed in 1930 to the office he holds today—principal and superintendent of the Winchester Public Schools.

BESSIE L. CORKEY

ASSISTANT PRINCIPAL

After graduation from high school Miss Corkey attended the Teachers Training School in Trenton, New Jersey. She continued her work, receiving her Bachelor of Science Degree from Columbia University and her Master of Education Degree from Harvard University. In 1919, having already taught at a number of schools, she came to Handley from Westville, New Jersey, to supervise classes in Science and Social Studies. In 1923 she was appointed to the position she holds today—assistant principal of the Handley High School.

Seniors

For those who possess the will to succeed and have equipped themselves to pursue their ambitions, there is an open doorway which leads to the opportunities of the world. After graduation the Seniors will leave the walls of Handley behind to cross that threshold and follow their separate paths of life, taking with them fond memories of all for which Handley has stood in bringing happiness and insuring a firm background for whatever new fields the future may unfold.

Sponsors

Realizing the importance of intelligent, well-trained leaders in all our scholastic and social activities at school, we of '41 feel greatly indebted to Mrs. Garrabrandt and Mr. Bennett. As sponsors they have been the best, showing to each of us in every way possible unlimited patience, cooperation, and guidance. As friends, they have added greatly to the happiness we shall always associate with our four years of high school.

AS WE LOOK BACK

Now that we've come all this way and look back, it doesn't seem so long after all. Only a little while ago we were pestering the teachers at John Kerr. Later, when we came to Handley, we surely did think we were big, even if we were only in the elementary.

Then we graduated to the Junior High and life began. Mr. Ochs, new that year, tried all of his jokes out on us in our Math classes. In our early high school days Mr. Bennett taught us government for use in our later life. In fact, all through our school years, democracy has been taught to us. We practiced it in our student government, executive council, and monitor and corridor commissions.

When we were Juniors, things began to happen. Under Mrs. Garrabrandt's leadership we slaved from September through November trying to get people to eat candy and hot dogs, and established the record for sales. About Christmas, Bobby Green as Santa Claus came down the chimney at the Junior dance. Duell Glover crawled under the sofa to make the Junior Play a success. At the end of the year we splurged and gave a really big Junior-Senior prom for which we spent several weeks (on and off) decorating the gym.

Then, at last, we were "dignified" Seniors and sitting on the top of the world. We had climbed over such obstacles as formulas in Chemistry, propositions in Geometry, and speeds in Typing to get there. Selling "ads" for the HANDLIAN, going to football and basketball games, working on the HANDLIAN, and, of course, homework made the days pass swiftly, so that before we knew it exams were here. With this Sketch the HANDLIAN goes to press!

The Senior Play, the Apple Blossom Festival, the Literary Tournaments, and the Track Season will race by like the rest of the year. Commencement comes all too soon. We find ourselves wishing that we weren't leaving for good—only for a nice long vacation.

Class Poem

TO HANDLEY

Your arms stretch wide in classic symmetry,
Your columns rise serene and cool and white.
Great dreams were dreamed and keen reality
We've faced, within your kindly walls. The light
Of knowledge—leaping high, undimmed, and strong—
You've lent us, deep within ourselves to start
A flame of thought and truth which shall burn long.
The slow, warm glow of friendship through the heart,
The overflowing joy of work well done,
The freedom found in learning well a way
To live with fellowmen—these we've begun
To know beneath your roof. Each passing day
You've dropped a cold, still seed of memory
Into our hearts, not long asleep to lie:
These seeds shall blossom forth abundantly
To be a part of us until we die.

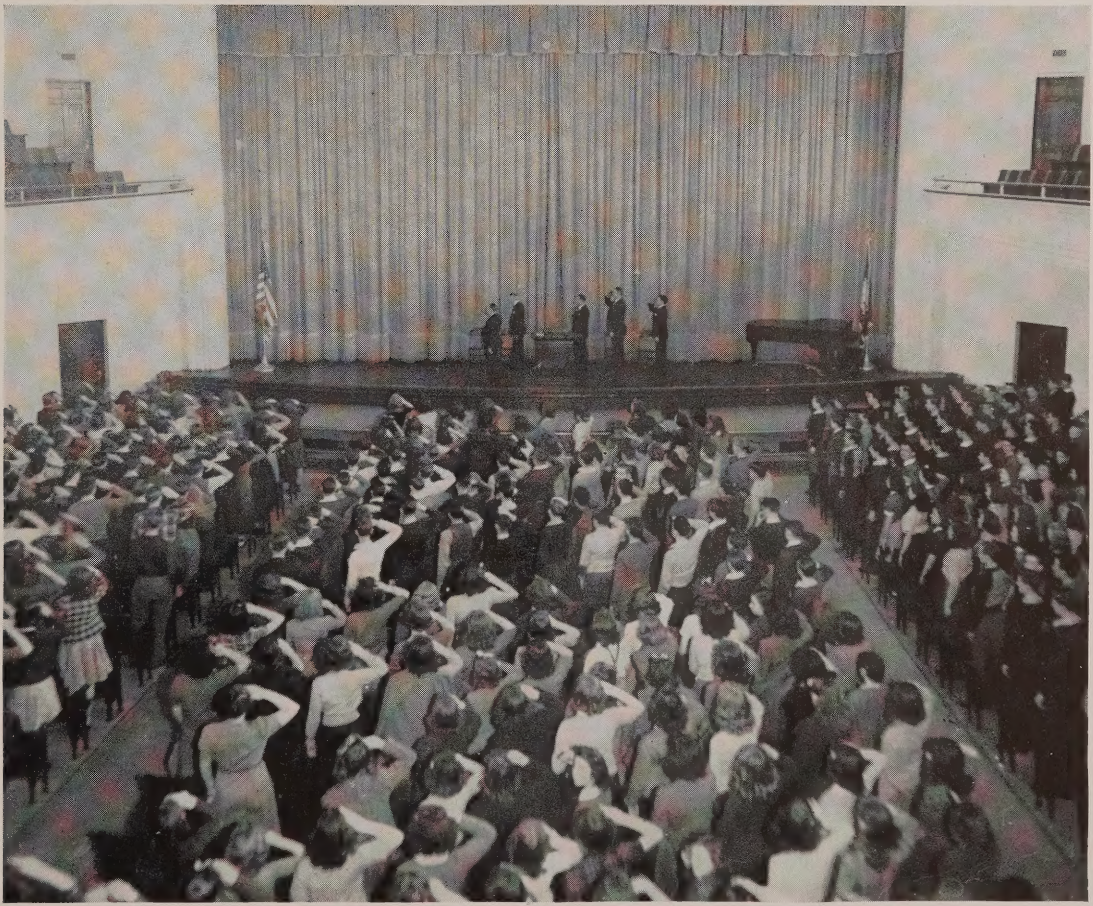
Activities

Handley offers to every student a chance for individual thought and participation in the fields of music, art, drama, athletics, and literary activities. In each of these there is time set aside from the regular courses of study for helpful instruction, permitting each student to take part voluntarily in the activities which interest him most with the assurance of an equal chance to succeed.



Executive Council

The Executive Council is the governing body of the school by the students under the supervision of the faculty. This body, composed of representatives from the home rooms, 10th, 11th, and 12th grade classes, and various organizations, meets every other Tuesday.

The aim of the council is to gradually take over the government of the school. With this in view as many new responsibilities as possible are taken over each year.

The Library Club under the sponsorship of Miss Payne has for its purpose the aiding of the librarian in shelving, charging out, and mending books. Each year during Book Week this group plans and prepares an exhibit which is enjoyed by the entire school.

They have regular weekly meetings at which their plans are made and discussed. New members are chosen by the old members of the club with approval of the librarian, Miss Payne. Though the club is only in the second year of its chartered organization it has proved its worth in making the library here attractive and more useful.

Maroon and White Quill

This literary magazine is published by the Junior High School. Over one hundred students applied this year for the twenty-five positions on the staff which changes each semester. The students do all the editing, writing, drawing, mimeographing, selling and advertising themselves with the aid of advisors. After each issue is ready for sale, it is rated by the staff.

This year the magazine will be entered for rating in three national contests.

Under Miss Haynes' direction the Handley Glee Club, consisting of seventy-eight members, has on numerous occasions entertained both school and community audiences. Their singing has been enthusiastically received and justly praised.

The Glee Club meets regularly as a class every week and the members receive the usual credit toward graduation. In addition to frequent assembly appearances and to answering the call of local civic organizations for entertainment, the Glee Club provides music for Commencement exercises, the chorus for the Apple Blossom Pageant, and sings with the elementary chorus at the Christmas Carol Service.

The Future Farmers of America

The Future Farmers of America is the national organization of boys studying Vocational Agriculture in public secondary schools under the provisions of the National Education Act. Started in Virginia in 1925 as the "Future Farmers of Virginia" the merit of the organization was soon recognized by other states and in 1928 the name was changed and the organization founded on a national scope. At present the membership is composed of over 7,000 chapters in 47 States, Hawaii, and Puerto Rico.

The primary aim of the Future Farmers of America is the development of agricultural leadership. Other purposes include: strengthening the confidence of farm boys and young men in themselves and their work; creating interest in a more intelligent choice of farming occupations; creating and nurturing a love of country life; improving the rural home and its surroundings; encouraging cooperative effort; encouraging thrift; improving scholarship; providing organized recreational activities for rural people; and supplementing, by means of boy-initiated and boy-directed activities, the systematic instruction offered to prospective farmers regularly enrolled in vocational agriculture courses. Emphasis is placed on citizenship, patriotism, agricultural leadership, and efficient farming.

There are four grades or Degrees of active membership—"Green Hand"—"Future Farmer"—"State Farmer"—and "American Farmer." These grades of membership are contingent on definite accomplishment in connection with the vocational agriculture program of the school. Local chapters determine the individual's advancement in the first two grades of membership, the State determines the Third Degree, and the National organization awards the Fourth Degree. Specific levels of attainment with respect to farming, earnings, investments, leadership, and scholarship ability are set up for each Degree.

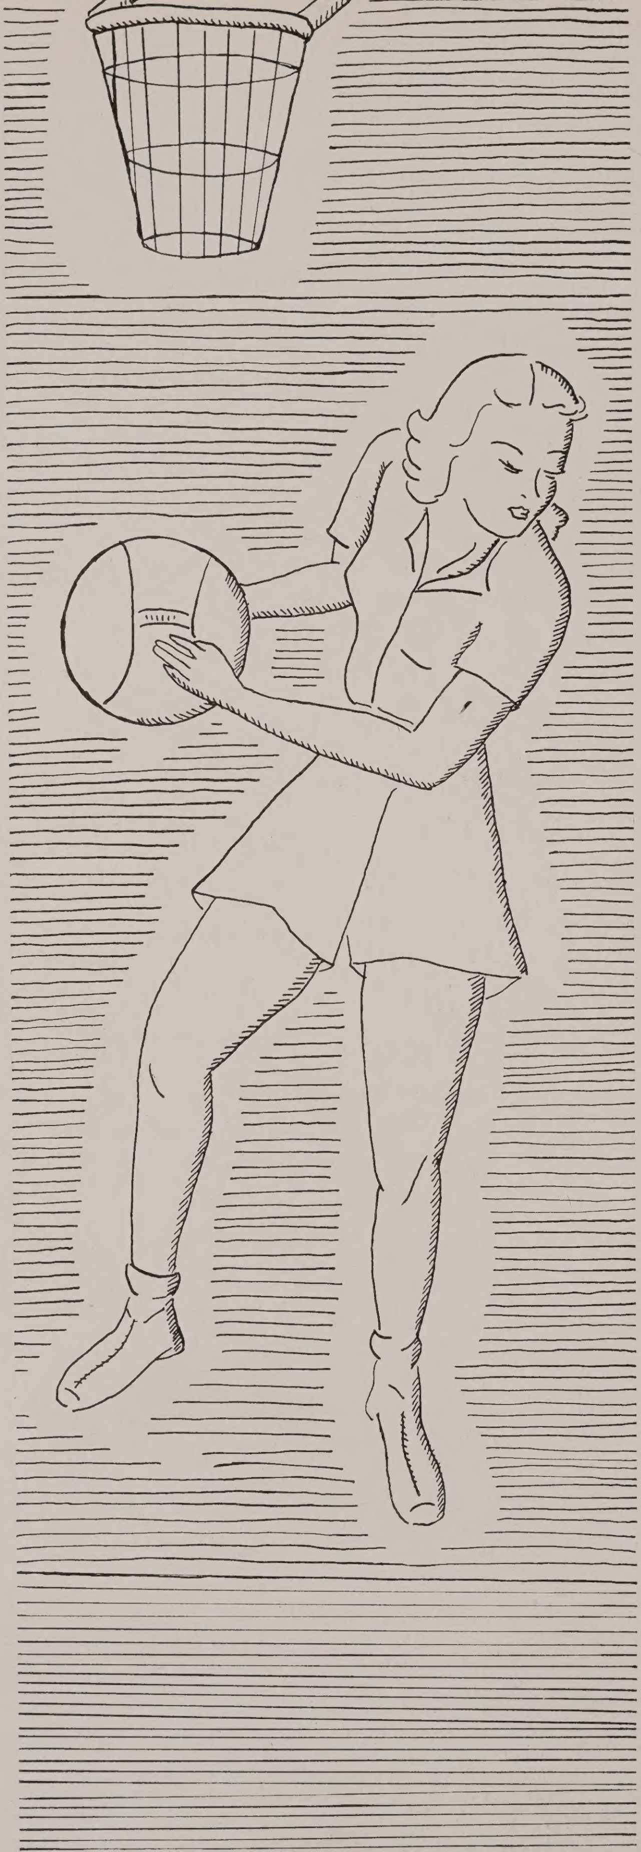
The emblem of the F. F. A., significant and meaningful in every detail, is made up of five symbols: the owl, the plow, the rising sun, within the cross section of an ear of corn, which is surmounted by the American eagle. The owl is symbolic of knowledge and wisdom; the plow is the symbol of labor and tillage of the soil; the rising sun is emblematic of progress and the new day that will dawn when all farmers are trained and have learned to cooperate; the cross section of an ear of corn represents common agricultural interests since corn is native to America and grown in every state; and the eagle is indicative of the national scope of the organization.

The Handley Chapter was chartered in September 1927 with the following officers: President, Raymond Fishpaw; Vice-President, Loring Woore; Secretary, Stewart Bell, Jr.; Reporter, William Stine, and Adviser, W. R. Legge. Since that time the following have been president of the chapter: Willie Good, Donald Patton, Richard Duvall, Robert Hockman, Richard Cooper, Gilbert Stotler, Jack Larrick, Jonas Chamberlin, Richard Rosenberger, Paul Hanna, Carroll Rowe, and Clinton Cochran.

The Handley Chapter has always taken an active part in all F. F. A. contests and activities and is proud of its accomplishments. Some of the high lights are: furnished a State President in Jonas Chamberlin; State Champion Degree Team in 1938 and runner-up in 1940; five boys declared best officers in the State Degree Team contest in 1940; Dick Duvall was State Champion corn grower; Raymond Fishpaw and Carroll Campbell were first in livestock judging in the State contests their respective years; our track teams have won the championship on six different occasions and hold several records; twice winner of Federation Rifle Shooting contests; three times winner of the Federation basketball championship. Other honors have been won in local, federation and state contests; and the chapter has always given a good account of itself in all activities.

The chapter can also point with pride to many former members who are now actively engaged in farming, fruit growing, and other agricultural pursuits and putting into practice the principles of rural leadership and efficient farming gained as members of the Handley Chapter.

All strive to live up to the F. F. A. Motto: "Learning to do, Doing to learn, Earning to live, Living to serve." Certainly that motto reflects a spirit and sincerity that shows the true viewpoint of farm youth, "the backbone of the nation."



Athletics

Our athletics illustrate clearly Handley's democratic standards. Each sport is a small democracy within its self, in which fair play and good sportsmanship are considered foremost among the rules of the game. To "make the team" is the goal, and whether a student fights to reach it or not is his own responsibility and concern. After the training those who have proven themselves most capable and athletically inclined are naturally given the teams' more important positions. They become our leaders on the field, fighting with the rest of us to score another victory for Handley!

J. NORMAN OCHS

Head Coach

Mr. Ochs came to us from V. P. I. He has successfully coached the Handley Varsity for six years. We give the same advice to the school as did Gus Welch, famous quarterback for the Carlisle Indians, at the Good-Will Banquet, "You have a fine coach, keep him!"

HUNTER JACKSON MADDEX

Assistant Football Coach and Head Basketball Coach

Charles Town reluctantly surrendered Mr. Maddex to Handley in the fall of 1938. They have been after our scalp ever since! Mr. Maddex really knows the ins and outs of the backfield.

OTIS "SNAG" SARGENT

Junior Varsity Coach, Track Coach

"Snag" is noted for his championship track teams. For six years straight they won the C. V. A. L. championship. "Snag" has been a coach at Handley for fourteen years, and of track alone for twelve years. The Junior Varsity under "Snag's" coaching has had several successful seasons, and surely they will have another one next year.

Handlian's Choice for the All-Handley Team

Captain Bywaters has played tackle for four years. Not once has he failed to do a thorough job. He also kept up the "ole" spirit when the boys became discouraged. We certainly will miss Oscar next year.

"Snuffy" Taylor, our other tackle, by his outstanding playing, was awarded the Football Trophy. This, his Junior year, he also made the all C. V. A. L. first team.

"Mac" McIntyre was an all-star backfield man. In the season '39 he made the all C. V. A. L. first team. This season, due to a shoulder injury which kept him out of several games, he was named on the C. V. A. L. second team.

"Butch" Robinson, throughout his three years of high school ball, proved to be a competent field general. When we needed someone to crash through the middle of the opponent's line, Butch was the man.

"Herbie" Miller, known as "vest pocket" by his teammates, played in the running guard position. Although the smallest man on the team, he was chosen for the C. V. A. L. first team.

"Tick" Kerr, although this was his first year on the Varsity, made the all C. V. A. L. first team. He played center on the offense and backed up the line on the defense.

"Pretty Boy Huyett," strong side end, besides being our best pass receiver, did some punting. He made the Varsity squad in this, his Sophomore year.

"Curlie" Burke, Varsity center last year, was converted to first-string end this season proving his versitality. He played a hard, clean game throughout and much will be expected of him next year.

"Kid" Cochran was one of the outstanding backs in this year's aggregation. He played halfback and was a hard-playing back especially on defense. He won his letter in his Junior year, but an injury kept him on the sidelines much of the past season.

Blosser, weak side guard, has played good all-around football for the past two years. A good blocker and tackler, Maurice will be all C. V. A. L. material next season.

"Sadie" Boyce played blocking back. Although a Sophomore "Sadie" has played on the Varsity for two years. The blocking position is a hard one to play, but "Sadie" always does a good job.

Bobbie Green, one-man backfield, played almost every position including quarterback, and did a swell job. He was exceedingly good in "pass defense" and was a great help to the team in that capacity.

Intramural Basketball

Coach—Mr. Ochs

Intramural Basketball is one of our sports open to all boys in Junior and Senior High School. Six captains are appointed from the best available players, and each captain chooses his own team and title. The idea back of the intramural teams is to give every boy a chance for some good sport. Naturally it proves an excellent testing ground for future Varsity material. A great deal of interest is displayed by players as well as by students in the success of the teams. As the HANDLIAN goes to press the season has not closed, but the Navy five is in the lead.
